The four broncolor Senso Kits – the ideal lighting equipment of your choice

The Swiss lighting manufacturer is presenting for the first time at Photokina both of its new power packs, Senso, with 1200 and 2400 J and the Litos lamp. Besides the innovative design, the new products deliver genuine studio performance for the price of a compact system. A control range of 6.5 f-stops correspond to 13 to 1200 J with the Senso A2, or 26 to 2400 J with the Senso A4. Symmetric and free asymmetric power distribution over three lamp outlets, short flash duration and short charging time, constant colour temperature, radio remote triggering etc.

These products are available individually and also in four different kits, which are focused on the requirements of the user - because light requirements are as varied as photographic assignments. The handy travel case accommodates all the kit components and keeps everything organised. Users have the choice between the following kits:

Senso Kit 21 31.052.XX

Includes: 1x Senso A2 power pack, 1x Litos lamp plus accessories, 1x softbox Flex 70x70, sync cable 5 m (16 ft), case

Senso Kit 22 31.053.XX

Includes: 1x Senso A2 power pack, 2x Litos lamps plus accessories, 1x softbox Flex 70x70, sync cable 5m (16 ft), case

Senso Kit 41 31.054.XX

Includes: 1x Senso A4 power pack, 1x Litos lamp plus accessories, 1x softbox Flex 70x70, sync cable 5 m (16 ft), case

Senso Kit 42 31.055.XX

Includes: 1x Senso A4 power pack, 2x Litos lamps plus accessories, 1x softbox Flex 70x70, sync cable 5 m (16 ft), case.

Each of the four kits has space in an identical, practical case, which is ideal for photographers who are often on the road. The perfect investment for young, dynamic photographers who are planning their way to become independent.

As the Senso power pack has a built-in RFS 2 receiver, the kits may be upgraded at any time.

The Swiss lighting manufacturer and its distributors are offering this equipment at a very attractive price. Please contact your broncolor dealer for more information or visit our website www.broncolor.com.
