S4 Beam Ring

Daylight | S4 Beam Ring

The **kobold** 200 W system can now be adapted to the ETC Source 4™. This adaptation utilises three custom components to create a very even projected daylight source.

Features

- Converting the world's most popular ETC Source 4™ to a daylight source
- Quick and easy to upgrade existing and new ETC™ units with our kobold DW/DE 200 adapter kit.
- 4 times more light output compared to tungsten
- 4 times less power consumption compared to tungsten
- Visible light beam in bright and high ambient light
- Longer distance to light up objects
- Bulb has longer life span than tungsten light source
- Enhanced light beam (with all frosted lamp)

Compatible with: ETC Source Four™, Source Four™ Zoom, Source Four™ Junior, and Source Four™ Junior Zoom
